

Add a Trusted Site

1. Tap the start button or Windows key and type Internet Options.
2. Select **Internet Options** from the search results and the **Internet Properties** dialog box appears.
3. On the **Security** tab, select **Trusted Sites**, and then select **Sites**.
4. In the box “Add this website to the zone:” type <https://wilsonvilleoregon.gov/> and then select **Add**.
5. Select **Close**, and then **OK**.
