SUMMARY OF PROPOSAL

The City of Wilsonville, in partnership with the community and a climate action planning consultant, completed the Climate Action Plan (Plan) in 2025. The Plan supports and enhances existing municipal and regional strategies in alignment with the State of Oregon's greenhouse gas reduction goals. These goals seek to reduce emissions across all sectors and communities in Oregon by at least 45% by 2035, and 80% by 2050. Reaching these goals will require ambitious and rapid action across the community of Wilsonville and ongoing support from the State in the form of legislation and policies. The actions, identified in the Plan, offer the most effective approaches to decarbonization currently available and refined for Wilsonville's energy and climate context.
